INTRODUCTION

LALA LAJPATRAI VISIONARY PAR EXCELLENCE

Lala Lajpatrai was one of the foremost freedom fighters and was born on 28th January 1865 in Dhudike Village in Ferozpur District of Punjab. Lala Lajpatrai was known for his single minded zeal and devotion to the Indian Nationalist cause. Whilst, the rest of the Indian Leaders bowed before the British rule, he took up the battle and challenged the might of the British Empire for which he had to pay the ultimate price with his life.

From a management perspective, he believed in India's economic regeneration and eventual resurgence as an economic power. Lalaji was fearless and candid in expressing his view. Lalaji was an educationist, a visionary and a pioneer who gave shape to India's education system. He played a major role in India's struggle for independence and patriots like him can never be forgotten. When Lalaji died on 17th November 1928, Mahatma Gandhi, the father of the nation in his tribute to Lalaji exclaimed, "Men like Lalaji cannot die as long as the sun shines in the Indian Sky". We are eternally indebted to Lalaji and we feel proud, honoure and inspired that his august name graces our institution.

INTRODUCTION

VISION

A "Freedom of Spirit" is what Lala Lajpatrai Institute of Management wishes to equip in its students, to carry forward the spirit of our culture that enables one to dream and believe not only to be effective and efficient leaders, but also visionaries with the faith and courage to redefine limits and rise above the ordinary.

MISSION

Our mission is to develop Lala Lajpatrai Institute of Management as an educational centre of international repute in management learning and innovation. We offer State-of-the-Art management education, training, research and consultancy services. Which would match the best institutions of the world and fulfill the needs of the industry & society at large.

INTRODUCTION

THE ARCHITECT - OUR CHAIRMAN

DR. KAMAL GUPTA - Ph. D.

Dr. Kamal Gupta, Founder Chairman, of Lala Lajpatrai Institute of Management reflects a fine example of Charles Darwin's famous Observation. "It is not the strongest of the species that survive, not the most intelligent, but the ones who are the most responsive to change." Dr. Kamal Gupta is a fine example of Darwin's profound theory. Taking the Institute to greater heights, Dr. Gupta became the Founder Chairman of the Management Institute which was started in 1995. His dedication and concerted efforts helped the Management Institute to grow from a raw novice to a full fledged State-of-the-Art Institute. He undertook the cumbersome process of revamping the Institute by creating appropriate infrastructural facilities, improving course content, introducing new and relevant courses, establishing appropriate linkages between courses offered and job markets. Dr. Gupta stresses on small concentrated batches rather than cluttered and oversized classrooms. He focused on improving the infrastructure by upgrading the entire infrastructure with State-of-the-Art technology. He emphasizes that, "The golden rule is to never compromise on quality". Dr. Gupta being closely associated with the Institute is a live force for incessantly inspiring the students to learn. He believes that there is no age gap on learning and acquiring knowledge and Dr. Kamal Gupta himself strengthens this belief. The fact words are as good as deeds is evident from the Ph. D. Degree that was awarded to him by the University of Mumbai in 2008. Thus, he sets a fine example for students and staff of the Institute in terms of the constant self-motivation that he imbibes to learn, encourage and inspire. His advice to the youth of today is "To climb the coveted ladder of success, one must acquire the appropriate skills, knowledge and attitude needed for exploiting the available opportunities. Once this is achieved, the world is your oyster".

INTRODUCTION

DR. HARVIND J. BHASIN

DIRECTOR, PH.D. MMS (MARKETING) B.COM

Dr. H. J. Bhasin is a well-known Marketing Professional with more than 17 years of Corporate Experience and 30 years of experience in the Teaching Industry. Dr. Bhasin has completed his Master of Management Studies from Welingkar Institute of Management, Mumbai. He holds a Ph.D. degree in Business Policy and Administration. His inherent keenness to interact with young minds and endeavour to sculpt their thinking process encouraged him to get into the teaching profession. Ever since, he has been influencing, inspiring and motivating students at graduate as well as post graduate level through his teaching dynamics and enthusiasm.

Currently he is the Director of Lala Lajpatrai Institute of Management. Here he intends to build, along with high quality academics, a good placement structure for our students who are stepping into the Industry. With his strong marketing background, his major focus is on Brand building of LLIM along with a rich research culture.

INTRODUCTION

THE MOTIVATOR - DEAN - RESEARCH

Dr. V. B. ANGADI - M. A. PH.D. (ECONOMICS)

FORMERLY DIRECTOR DEAP - RBI.

Global Economic environment as well as economic environment in India is witnessing spectacular changes. In particular India's services sector in terms of its contribution to GDP growth and also in terms of its share in the international business is remarkable. It is increasingly realized that the knowledge based society is absolutely necessary for rapid economic development. The global playing field is being levelled by the technological revolution and paradigm shift in the policy regime all over the world. The forces of tradition, culture and commitments to preserve national identity have caused the regime change in the corporate approach to international business. Multinational companies are trying to widen their mission and role. In consequence, "They think global and act local". In short, appropriate knowledge, skill and attitude have emerged as significant driving forces in the present context of globalization and liberalization. In response to the above mentioned changes, Lala Lajpatrai Institute of Management (LLIM) maintains a fine balance between high academic quality and professional relevance provided by close interaction with the corporate world. A strong interface with the world of business is therefore, as much a requirement as a strong growth potential. LLIM attaches particular importance to the creation of an effective learning environment that favours the development of students' managerial and entrepreneurial skills and fosters their sense of global responsibility. The endeavor of Lala Lajpatrai Institute of Management is to evolve its system of education to equip the students with necessary knowledge and skill for facing the challenges of an emerging brave new world. Attempts are being made to groom young minds to be dynamic, flexible and adaptable to changing business environment. We are proud to place on record with deep sense of appreciation the patronage that the corporate world has accorded to LLIM. We also note with pride that our management students who are recruited by Standard Chartered Bank, HSBC Bank, ICICI Bank, Dena Bank, SIDBI Venture, Citi Bank, Pantaloons, Crisil, HDFC Securities, Bank of India, Union Bank of India etc. are reported to be very good performers in real work situation. An illustrative list of good performers includes: Mr. Sharad Ahuja, AVP-Kotak Securities; Mr. Ajit Singh Bhatia, Regional Business Manager - Wipro Infotech; Mr. Jeetesh Bhatia, Citi Bank (Bahrain); Ms. Anjali Bose, Manager Credit-UTI Bank; Mr. Vishal Gupta, AVP-DSP Merrill Lynch. I am confident that the corporates would continue to extend their full support to our Placement Manager and his team in their endeavor for better placements.

OUR METHODOLOGY

Students are the assets of our Institute. We believe that it is our responsibility to mould them in such a way that they become the assets of the Industry. Our students are future managers. Keeping this in mind, the students of our Institute are trained right from day one to tackle any difficult situation that they are likely to face in the future. The Institute believes that a self learning attitude of the students is the key to success. Thus, we aim at developing a self learning attitude among our students rather than restricting their thoughts. This self learning attitude when coupled with theoretical knowledge helps the students to think and come out with innovative solutions thereby achieving our objects of providing the industry with our assets that would lead to their success. Following techniques are used to improve the skills of our students.

PROJECTS & PRESENTATIONS

The students not only learn theoretical aspects of a subject but also prepare and present projects enabling them to assimilate and gain more knowledge through self-learning. These projects are then presented by them thus allowing knowledge to be shared. It also helps them to improve their communication and presentation skills.

CONTINUOUS EVALUATION

A student's performance is frequently evaluated through periodic and mid term tests that are conducted by the respective professors. Continuous evaluation helps students to overcome their weaknesses and build a strong foundation. Apart from continuous evaluation, the students are also judged by external faculty appointed by University of Mumbai by evaluating University papers pertaining to General Management & also in their area of specialization.
